ADOPT-A-STUDENT PROGRAM AT EAST END ARTS COUNCIL'S COMMUNITY SCHOOL OF THE ARTS

YOUR DONATION WILL MAKE A DIFFERENCE IN THE LIFE OF A CHILD.

Now there is documented evidence of what you and I have known for some time! Music has a powerful impact on the development of a child. Early training in music is beneficial to a child's cognitive, spatial and reasoning skills. It's the real life stories that truly bring to light the value of music education. Listen to parents tell stories about improved classroom grades, better focusing abilities and happier kids. Success truly breeds success. It pays to start early with skills that last a lifetime.

Discovering a child's potential begins with the arts!
